**Sanibel Island, Florida**

**Thursday, November 5**

**2:00pm - 6:00pm**

**Harry Goldsmith, DPM, Featured Speaker**

*What's New for 2009 – Surgical Guidelines – Using Modifiers Correctly & To Your Advantage – Unlisted Procedures – Surgical Coding Scenarios – Pre-Op, Operative, & Post-Op Documentation - Coding E/M Services with Procedures – Surgical Consultations – Appealing Denied Reimbursement – And More*

There has never been a critical time to ensure that you and your practice are correctly coding, billing, and getting reimbursed for the services and procedures you are providing. This workshop is designed to improve and accelerate your current understanding of all aspects of surgical coding and reimbursement. Bring your questions. Don't miss this interactive workshop!
