

The Podiatry Institute is pleased to announce that we have recently completed a “mini-makeover” of our Cadaver Surgical Skills Course and teaching facility. Monitors have been added throughout the lab, allowing for easier viewing of dissections from the instructors. The layout of the lab has been reconfigured, making it easier to maneuver for both attendees and instructor(s). The schedule was streamlined, allowing for more time in the lab and a decent ending and starting time. Lunch and snacks will be provided each day. The attendees will be free in the evenings to enjoy the city or kick back at the hotel.

Also, we have partnered with AAA GO Limo and Transportation to provide shuttle service for the course.

They will pick-up and drop-off at the Courtyard by Marriott Decatur each day of the course. The Podiatry Institute has a business rate at of \$139.00 per night, based on availability, at the Courtyard by Marriott Decatur. The business rate code is O3I. This hotel is the closest to our office and right in the middle of downtown Decatur with several restaurants and shopping within walking distance.

AAA GO Limo and Transportation is also offering our attendees a discounted rate of \$48.50 from the airport to the Courtyard. This rate is cheaper than a taxi and will be in a town car rather than a shared shuttle. On Sunday, when the course concludes, they are offering a discounted rate of \$25.00 per person for the group to go to the airport. These rates do not include gratuity. Please contact AAA GO Limo and Transportation directly at (678) 851-2457 to arrange for transportation to/from the airport. You will need to advise that you are attending a Podiatry Institute course to get the discounted rate.

We are very excited about all these changes. To view the new schedules, please click on the following links:
